Welcome Message

Dr. Marlene Street Forrest CD, JP

Managing Director, Jamaica Stock Exchange Group

The Jamaica Stock Exchange is happy to welcome you to our 18th Regional Conference on Investments and the Capital Markets. It is indeed our pleasure to provide this premier forum in a hybrid forum for our stakeholders in the financial services sector to network, listen to presentations and add meaningful action to our talk. We have elected to continue this dual format that is, in-person and on-line, so that we can, among other things expand the reach of the conference and include more of our stakeholders in the deliberations.

There are winds of change blowing across the globe and this is a cause for us to pause and consider a re-definition of the financial services landscape, hence our aptly named Conference theme: "Capital Markets Re-defined: Achieving the Impossible". In this vein our conference will examine issues such as: Opportunities for growth through Diaspora investments; the use of technology to re-shape businesses; the digital assets market; food security; corporate governance; renewable energy and other riveting topics of discussion. The spotlight will of course be on re-imagining the capital markets and other issues that will allow our markets to become revitalized. We will be addressing all these topics and others at the Conference and will be offering practical solutions on how to confront them.

One of the reasons we host our Conference early in the year is to provide the platform to discuss global, regional, and local issues which will allow individuals, organizations, and Government to be aligned to find solutions to emerge stronger. So over the next two days presenters and participants will explore how together we can tackle the challenges in our desire to re-define the markets.

We have held fast to our conference objectives, and we resolve to ensure that we meet our stated goals to:

- Bring together key participants of the financial services industry to discuss and present ideas on issues pertinent to the development of the capital market
- Facilitate a forum for the development of strategies necessary for the future growth of the sector in the region

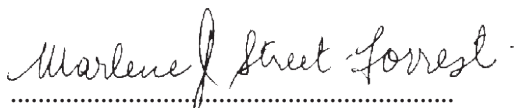

(Cont'd on page 4)

Welcome Message (Continued)

- Assist in the creation of partnerships and improve understanding between financial institutions to allow for the generation of investment opportunities
- Provide a showcase for the promotion of industry trends, products, and services
- Create an awareness of the importance of the capital market to the region's economic development and prosperity of the region and to build social and strategic alliances.

We take this opportunity to thank all our sponsors. We could not continue to host this leading event without your assistance. We are especially thankful to our main sponsors, NCB Capital Markets, Jeffries, The Jamaica Pegasus, Jamaica Observer, Television Jamaica (TVJ), and Dequity Capital Management Limited, which has come on board this year.

We also say a big thank you to all our participants from near and far. Your presence each year has allowed us to continue bringing our stakeholders together to ensure the growth and development of the market.

Conference Background & OBJECTIVES

Capital Markets Redefined: Achieving the Impossible

The Regional Investments and Capital Markets Conference hosted annually by the Jamaica Stock Exchange (JSE) is in its 18th year. The Conference attracts an elite group of executives and sponsors from different industries in Jamaica and across the region. There is no better testimony to the success of any Conference than the fact that the major sponsors remain on-board year after year. Jefferies Group LLC, a leading global investment banking firm that provides investors, companies, and governments with a full range of investment banking and wealth management services across the financial spectrum, is the main overseas sponsor of the Conference.

Conference 2023 will be held in hybrid format from Tuesday, 24th January to Thursday, 26th January 2023 in person at The Jamaica Pegasus Hotel, Kingston, Jamaica, as well as VIRTUALLY, under the theme “Regional Capital Markets Reimagined: Achieving the impossible”. By its successful staging each year, JSE’s Regional Conference has earned its place as a calendar event to which government officials, leading experts in business, investors and other stakeholders, locally and worldwide look forward to attending each year.

Conference 2023 is set to be more exciting and entertaining than ever as there will be more persons in attendance than normal, and speakers and participants will be able to have more interaction as we are looking to target participants from across the globe.

We expect to have people join the Conference from Asia, Africa, Europe and North and South America. This shows that the reach of Conference 2023 will be greater and this will enhance the popularity of JSE’s Conference, making it equally aligned with the best conferences in the world.

The Conference examines areas of growth, challenges and advancements that are currently shaping societies and the world economies and critique how economies and businesses can best manage such rapid changes and capitalize on opportunities for progress through provocative discussions, formal and informal.

The JSE’s Annual Conference brings together world class leaders and industry experts who willingly share their success secrets and demystify complex topics into common language that business people and professionals from every sector can understand and be equipped for the year ahead, to navigate successfully and thrive through the sweeping global trends and disruptions that are affecting every country and region.

HERE'S WHAT TO EXPECT AT THIS YEAR'S CONFERENCE

Whether you are attending virtually via zoom or in-person, at the Jamaica Pegasus Hotel (where all Government stipulated COVID-19 health protocols will be enforced).

The conference will continue to offer very informative sessions with the most up-to-date information on industry activities as well as knowledgeable speakers on all subject areas.

Here are a few simple rules for you so that you can get the most from the experience:

If you are on-line:

- All microphones will be muted but you can communicate using the chat feature to ask questions of the presenters;
- Our JSE staff members will be on hand to help to ensure that your query is answered;
- We kindly ask that your videos be turned on so that you can benefit from full engagement from our facilitators.
- You'll be able to navigate the platform and visit the booths as well as have conversations with booth-holders.

If you're at the Jamaica Pegasus:

- Please remember to wear your masks.
- The Ministry of Health and Wellness COVID-19 protocols will be strictly enforced.
- Ensure that you arrive on time for the sessions.

For everyone:

We're looking forward to a fulfilling, well-spent Conference.

With over 20 years of experience in the financial services sector, Julian currently operates as JMMB's Group Chief Investment Strategist. In addition to his position at JMMB, he has played a significant role in the development of Jamaica's capital market. His experience includes positions at Dehring, Bunting and Golding Limited (now Scotia Investments Jamaica Limited) and JMMB. A former Managing Director of Lets Investment Limited, his leadership resulted in the boutique operation becoming a global player in the trading of internationally issued securities.

Julian is the Chairman of the Jamaica Stock Exchange (JSE). He is a founding member and current Vice-President of the Jamaica Securities Dealers Association (JSDA), and also serves various institutions as a director, including JMMB Securities Limited, JMMB Investments (Trinidad & Tobago) Limited, JMMB Securities (T&T) Limited, JMMB Puesto de Bolsa; Factories Corporation of Jamaica; Supreme Ventures Racing and Entertainment Ltd.

Unlocking Opportunities for Growth Locally & Regionally Through Diaspora Investments.

Tuesday, January 24
7:15 p.m. - 7:25 p.m.

Mr. Kadeen Mairs
MFounder & Director
- Dequity Capital Management Limited
Chief Executive Officer
- Dolla Financial Services Limited.

Kadeen, is widely regarded as a visionary entrepreneur and strategist whose philosophy of "solving problems and creating businesses with the solutions" has resulted in extraordinary business success and inspiring initiatives.

In 2016, at the age of 24, after retiring from his banking ambitions at National Commercial Bank as a then supervisor with credit experience, Kadeen borrowed money to start his own Microfinance Institution called M24 Investments Limited. Three years later, he sold the assets of the then medium size lending outfit to the second oldest stock brokerage firm in Jamaica – Stocks & Securities Limited with assets under management (AUM) then exceeding J\$200M USD. At the time, Stocks & Securities Limited had a subsidiary called Dolla Financial Services Limited, a Micro Credit company, which Kadeen was appointed Chief Executive Officer. Within 4 years, Dolla grew exponentially, to more than J\$350Million loan portfolio under management, disbursing more than J\$1.2Billion in loans. By 2020, Dolla Financial Services was one of the most respected and well-established microfinance institution in Jamaica with 7 branches island wide.

In 2019 Kadeen's dreams of providing debt to micro, small and medium enterprises were well on its way through Dolla, but his pending aspirations to provide equity to businesses was unfulfilled. In August of that year 2019, Dequity was formed as a Private Investment Holding company with its first investment involved owning a 20% stake in Dolla Financial Services valued US\$600,000, whilst retaining 100% stake in M24 Investments Limited he founded; focusing in Cambio and Remittance Services. In 2020, Kadeen partnered with First Rock Capital Holdings (Listed on the Jamaica Stock Exchange – Main Market) in a transaction valued at US\$1,800,000.00, which saw Dequity maintaining an associate stake in Dolla Financial alongside First Rock as majority shareholders.

Kadeen has over 14 years of experience in the financial sector, starting at 18 working within Credit Unions, Commercial Banks, Investment Banks, Venture Capital Companies and Founding of Micro Finance Institutions. Among his many personal accomplishments, Kadeen is a Certified Expert in Micro Finance from Frankfurt School of Finance & Management-Germany, and has received Bachelor of Science in Business Administration from the Montego Bay Community College – Management Major and pursued a Masters of Business Administration with a major in Marketing from the University of Technology, Jamaica.

Steven Gooden is the Chief Executive Officer of NCB Capital Markets Ltd, which is the wealth, asset management and investment banking division of the NCB Financial Group. Under his leadership, the entity has become Jamaica's leading capital markets outfit, with a strong and growing presence throughout the Caribbean via the establishment of hubs in the Cayman Islands, Trinidad & Tobago and Barbados. Steven's ascension to executive management was at 26 years old when he was appointed head of one of Jamaica's leading fund management companies.

In 2009, he rejoined NCB Capital Markets as Vice President, Investments and Trading where he successfully integrated the investment management functions of the Group's subsidiaries with combined assets exceeding US\$2billion and successfully led the company through two national debt exchanges. Steven is a holder of the Chartered Financial Analyst (CFA) designation, has a Master's Degree in Finance and Economics, a Bachelor's degree in Economics and Accounting, and has received many accolades in the areas of research and portfolio management. He has also participated in executive development courses covering Strategy, Change Leadership and Mergers & Acquisitions.

Steven sits on the board of directors of the Jamaica Stock Exchange Ltd, TransJamaican Highway Ltd, the Jamaica International Financial Services Authority and several companies within the NCB Financial Group. Additionally, he is the Chairman of Limners & Bards Ltd and Mundo Finance Ltd; as well as President of the Jamaica Securities Dealers Association.

The Most Honourable Andrew Michael Holness
Prime Minister of Jamaica.

The Most Honourable Andrew Michael Holness was first elected as Member of Parliament (MP) to represent the Constituency of West Central St. Andrew in 1997, at the age of 25. Now in his fourth consecutive term as MP, Mr. Holness became Jamaica's ninth Prime Minister after the Jamaica Labour Party defeated the People's National Party at the polls on February 25, 2016. Mr. Holness has pledged to build real partnerships with the Private Sector, Civil Society, the Diaspora, the Opposition and International Partners in order to achieve the vision of shared prosperity for all Jamaicans through inclusive economic growth and meaningful job creation.

Mr. Holness first served as Head of Government from October 2011 to January 2012 having succeeded former Prime Minister the Honourable Bruce Golding.

Prior to assuming the awesome responsibility of leading the nation, Mr. Holness has worked steadily at various levels of the political and governance systems. He has focused on several key portfolio areas including: social welfare, community development, housing and education. However, it is in the area of Education that Mr. Holness found his passion and distinguished himself both as the Opposition Spokesperson on Education and in the Cabinet as Minister of Education.

Mrs. Alision Roach Wilson, O.D.

Consul General of Jamaica, New York

Alision Roach Wilson was born and raised in Burkeshire Hall, St. Catherine, Jamaica; a small under-developed community with no electricity. She attended Redwood Primary and Guy's Hill High schools before migrating to the United States. Despite the challenging circumstances in which she was raised, she was instilled with a powerful determination to succeed in life through the love and support of family and educational mentors. Her grandparents, being the great disciplinarians they were, encouraged Alision to be the best person she could be, while her teachers fostered in her a hunger for attaining knowledge and the pursuit of success.

Mrs. Roach Wilson is currently Jamaica's eleventh (11) Consul General to New York, having been appointed in July 2019. Under her jurisdiction, she assumes the responsibilities for Jamaica's nationals and interests for thirty-three (33) states within the United States, plus Bermuda and Puerto Rico.

Prior to her appointment, Alision garnered extensive experience in the Financial Industry having worked for years at a number of financial services companies in a variety of posts.

Management Ltd
& Managing Partner
Dequity Capital
Management USA, LLC

Wednesday, January 25
9:25 a.m. - 9:55 a.m.

Kerry has over 16 years of experience in the financial industry specializing in investments. She has a unique blend of charisma, boldness and wit which one could easily attribute in part to her success. Over the life of her career, she has been instrumental in closing some of the Caribbean region's largest and most significant transactions in both private & public debt & equity.

Kerry is the recent founder and director of Amani Consulting Partners; a boutique firm that will guide and represent clients in various capacities. Prior to consultancy, she built her career at two of the Caribbean's leading financial institutions last of which she was a senior executive

accountable for wealth management. In this capacity she led the largest team in the organization and was responsible for charting the strategy for sales and distribution of the firm's investment products. This saw her spearheading sales operations, customer experience, digital channels, wealth marketing strategy, and syndication which expanded across the company's regional entities. She was also integral in key strategic projects which saw her working alongside renowned international consultants and other leaders across the Group of Companies.

Kerry has a passion for financial literacy and freedom, mentoring, and philanthropy. She has served on the boards of the Statistical Institute of Jamaica (STATIN) and Rotary International (Club TNH).

She's a firm believer in never allowing one's mindset nor circumstance to limit one's God-given potential; her mantra "if you can dream it, you can do it" ~ Walt Disney.

Kerry is a Certified Financial Planner and holds an MBA (Finance) from University of Manchester, UK and BSc. (Business) from Norfolk State University, USA. She also completed executive education: Canadian Investment Fund (CIFC), corporate finance, and leadership from Stern (NYU) and Chicago Booth Business Schools.

Alternative Investments: Mobilizing Capital, Solving Caribbean Financial Problems.

Mr. Berisford Grey
Chairman, Caribbean Alternative Investment Association (CARAIA).

Berisford Grey (known as Beris) is widely considered one of the region's top investment bankers. As one of the founders of Sygnus Capital, he is living out his passion to create a leading Alternative Investments firm that uses creative approaches to unlock capital for clients.

Beris's career was launched in the European Debt Capital Markets where he worked as an Associate Director in investment banking with particular focus on Securitisation and Structured Finance. After returning to the Caribbean, he held key positions at

leading regional banks where he used his out-of-the-box thinking to generate game-changing results. This includes setting up and driving the Scotia Investments Capital Markets Unit to become a leader in the local market within 3-years and contributing significantly to the turnaround of CIBC FirstCaribbean Corporate & Investment Banking business between 2013-2016. Over the last decade he has raised over US\$ 10 billion in financing for corporates and sovereigns across the region.

At CIBC FirstCaribbean, the largest regional bank in the English Speaking Caribbean, he held the posts of Managing Director and Executive Director of Corporate and Investment Banking where he oversaw a loan portfolio of US\$3.0 billion USD in assets, and developed and executed regional strategy for the business to ensure competitiveness and long-term sustainability.

Prior to joining CIBC FirstCaribbean, Beris served as Senior Vice President of Origination & Capital Markets at Scotia Investments Jamaica Limited between 2010 and 2013. During this time, he executed some of the most innovative transactions in the local market including synthetic REIT financing structures and other first-of-its-kind project financing ideas.

Beris has the knowledge, talent and leadership skills to move Sygnus Capital forward. He holds an MBA in Entrepreneurial Finance from Vlerick Leuven Management School, Belgium and an MSc in Economics from the University of the West Indies. He has also completed the 1-year Executive Leadership Program at the Wharton School of Business in Pennsylvania, USA. Beris is currently the Chairman of the Caribbean Alternative Investments Association (CARAIA) Board.

What is a Mandate?

www.jamstockex.com

A **mandate** is the instructions given to the **Jamaica Central Securities Depository Limited (JCS D)** relating to the handling of your dividend or interest payment.

THERE ARE THREE TYPES OF MANDATE:

BANK MANDATE

The investor indicates which financial institution their payment should be forwarded to. The information required are:

- Bank name
- Bank Branch
- Account Number
- Account type
- Account currency
- Name(s) on account

HOLD MANDATE

The investor may wish that their dividend or interest payment is held at the Registrar's office for collection

THIRD PARTY MANDATE

The investor may wish to send their dividend or interest payment to someone other than the parties on the account or to an institution of their choice, for example, a charity or a church.

Whenever there is a dividend payment, the mandate information is forwarded to the Registrar so that they can follow the investors' instructions accordingly.
